

## **ECE 2017 Satellite Programmes (in date order)**

### **Sandoz**

Date/Time Saturday 20 May 2017, 15:30 – 17:00  
Room Auditorium II  
Title Definition of cure in endocrine disease: biochemical control versus clinical criteria  
Chair Professor G. Stalla Max Planck Institute of Psychiatry , Germany  
and Professor A. Colao University of Naples Federico II, Italy

Cushing`s disease

*Dr E. Valassi, Hospital Sant Paul, Spain*

Conn syndrome

*Professor F. Beuschlein Klinikum der Universität München, Germany*

Graves` disease

*Professor W. Wiersinga University of Amsterdam, The Netherlands*

### **IPSEN**

Date/Time Sunday 21 May 2017, 14:00 – 15:15, Lisbon, Portugal  
Room Auditorium I  
Title Controlling Symptoms and Tumours: a Holistic Approach to Acromegaly and NETs Management  
Chair Christian Strasburger

14:00 Chair`s Introduction

*Christian Strasburger, Berlin, Germany*

Part 1: Controlling Acromegaly

14:05 Control in Acromegaly: More than just a numbers game?

*Mark Gurnell, Cambridge, UK*

14:20 How Does Tumour Control Enhance Long-Term Outcomes?

*Sebastian Neggers, Rotterdam, The Netherlands*

Part 2: Controlling Neuroendocrine Tumours

14:35 Exploring New Insights into Carcinoid Syndrome Control

*Simona Glasberg, Jerusalem, Israel*

14:50 Neuroendocrine Tumour Control: What is the Evidence Behind the Guidelines?

*Matthias Weber, Mainz, Germany*

15:05 Conclusion and Close

*Christian Strasburger, Berlin, Germany*

## SHIRE

Date/Time Sunday, 21 May 2017, 14:00-15:15  
Title Perspectives on chronic hypoparathyroidism – the patient experience  
Room Auditorium II

Chair: Professor Lars Rejnmark, Aarhus University, Aarhus, Denmark

Chair's introduction. Perspectives on chronic hypoparathyroidism  
*Professor Lars Rejnmark, Aarhus University, Aarhus, Denmark*

The life-changing impact of chronic hypoparathyroidism – a patient's perspective  
*Isabel, Patient Ambassador*

Hypoparathyroidism impairs quality of life – looking to the literature  
*Dr Tanja Sikjaer, Aarhus University, Aarhus, Denmark*

Guidelines on chronic hypoparathyroidism management  
*Professor Jens Bollerslev Oslo University Hospital, Oslo, Norway*

Managing chronic hypoparathyroidism – one size does not fit all  
*Professor Heide Siggelkow MVZ Endocrinology Center Göttingen Göttingen, Germany*

Panel Discussion  
*All speakers*

## Pfizer

Date/time Sunday 21st May 2017, 18:00–19:30  
Room Auditorium II  
Title Challenges in managing adult-onset growth hormone deficiency  
Chair Prof. Stephen Shalet (The University of Manchester, UK)

Welcome and introduction

*Prof. Stephen Shalet The University of Manchester, UK*

Optimising growth hormone replacement  
*Prof. Philippe Touraine Hôpitaux Universitaires Pitié Salpêtrière-Charles Foix, France*

Safety and efficacy of long-term growth hormone replacement in adults  
*Prof. Gudmundur Johannsson University of Gothenburg, Sweden*

Adult Cancer Survivors  
*Dr Helena Gleeson Queen Elizabeth Hospital Birmingham, UK*

Close

*Prof. Stephen Shalet (UK)*

*The University of Manchester, UK*

## **HRA Pharma**

Date/Time Sunday 21 May, 2017 18:00-19:30

Room Auditorim VII

Symposium title Expert viewpoints: Medical Treatments in Cushing Syndrome: What, when and how?

Chair Dr Lynnette Nieman, Senior Investigator and Chief of the Endocrinology Consultation Service, National Institutes of Health (NIH) Clinical Research Centre, USA

Programme Existing clinical cases: The management of hypercortisolemia in patients with Cushing Syndrome  
Exploring the data: The place of steroidogenesis inhibitors in the management of Cushing Syndrome

Speakers *Professor John Newell Price - University of Sheffield, UK*

*Professor Antoine Tabarin - Centre Hospitalier Universitaire (CHU) Bordeaux, France*

*Dr Lynnette Nieman - National Institutes of Health (NIH) Clinical Research Centre, USA*

## **Novartis**

Date, Time Monday 22 May, 2017 14:00 – 15:15

Room Auditorium I

Symposium title Striving for optimal outcomes in patients with acromegaly and Cushing's disease

Chair John Newell-Price, University of Sheffield, UK

A call to action: The importance of proactive treatment in Cushing's disease and acromegaly

*John Newell-Price, University of Sheffield, UK*

Striving for optimal outcomes in Cushing's disease: An interactive discussion

*Richard Feelders, Erasmus University Medical Center, Rotterdam, the Netherlands*

Striving for optimal outcomes in acromegaly: An interactive discussion

*Diego Ferone, University of Genoa, Italy*

## **Shire**

Date/time Monday, 22 May 2017, 14:00-15:15

Title Managing chronic hypoparathyroidism patients – the current debate

Room Auditorium II

Chair Professor Jens Bollerslev, Oslo University Hospital, Oslo, Norway

Chair's introduction: Chronic hypoparathyroidism – what are the management challenges?

*Professor Jens Bollerslev, Oslo University Hospital, Oslo, Norway*

The case for: Monitoring and maintaining the serum calcium levels is sufficient for disease control

*Professor Bart L. Clarke Mayo Clinic, Rochester, USA*

The case for: Disease control is a composite of managing mineral homeostasis, symptomatology, and avoiding target organ damage

*Professor Maria Luisa Brandi, University of Florence, Florence, Italy*

Clinical case study – identifying patients not adequately controlled

*Professor William Fraser, University of East Anglia, Norwich, UK*

Panel discussion

*All speakers*

## **Aegerion Pharmaceuticals**

Date, Time                      Monday 22 May, 2017 18:30 - 20:00.

Room                              Auditorium III/IV

Title of symposium          Why Adipocytes Matter: The story of Lipodystrophy

Chair: Andrew J.M. Boulton, MD, DSc, FICP, FACP, FRCP

President, Worldwide Initiative for Diabetes Education

Professor of Medicine, University of Manchester and Consultant Physician, Manchester Royal Infirmary  
Manchester, United Kingdom

Visiting Professor of Medicine

University of Miami

Miami, Florida USA

Chairman, EURADIA: The European Alliance for Diabetes Research

Adipose Tissue Expandability, Lipotoxicity and Insulin Resistance

*Antonio Vidal-Puig, MD, PhD, FCRCF, FMedSci, EMBA*

*Professor of Molecular Nutrition & Metabolism*

*University of Cambridge, Metabolic Research Laboratories*

*Wellcome Trust-MRC Institute of Metabolic Science*

*Cambridge, United Kingdom*

Leptin: Neuroendocrinology and Energy Orchestrator

*Christos S. Mantzoros, MD, DSc, PhD, hc mult*

*Professor of Medicine, Harvard Medical School and Boston University School of Medicine*

*Chief of Endocrinology, VA Boston Healthcare System*

*Chief, Nutrition and Metabolism*

*Beth Israel Deaconess Medical Center*

*Boston, Massachusetts USA*

Adipocytes Matter: Coping Without Them in Lipodystrophy

*David Araujo-Vilar, MD, PhD*

*Professor of Medicine, Medical Genetics and Endocrinology*

*Consultant Endocrinologist*

*University Clinical Hospital of Santiago de Compostela*

*Santiago de Compostela, Spain*
